

HAIR COMING OUT

Dandruff causes a feverish irritation of the scalp, the hair roots break, loosen and then the hair falls out fast. To stop falling hair once and rid the scalp of every trace of dandruff, get a small bottle of Danderrine at any drug store, rub a little in your hand and rub into the scalp. After several applications the hair stops coming out and you can't find any dandruff.

TRAFFIC TIED UP

Head End Collision in Which Four Men Lose Their Lives.
Jackson, Mich., Nov. 22.—Mainline traffic between Chicago and Detroit, on the Michigan Central is tied up as a result of a head-on collision five miles east of Chelsea, at 4 a. m. today. Four men are known to have been killed and three others fatally injured. The engineer and fireman of the express train in the collision are among the known dead and the engineer and a brakeman of the freight train involved are also dead, according to reports reaching here.

THINK MOONEY SHOULD BE GRANTED PARDON

LOCAL LAWYERS EXPRESS OPINIONS ON CASE.

Nationally Famous Case Excites Interest Here—Believe Testimony False.

Local lawyers are almost unanimous in the opinion that T. J. Mooney, convicted of murder in California, should be given a pardon because he was convicted on alleged perjured testimony.
Mooney is under death sentence for alleged complicity in the famous San Francisco bomb case. The case has several times been through the state and national courts, but so far all efforts to secure either a pardon or a new trial for the defendant have been unsuccessful.
Atty.-Gen. George W. Chambliss, when asked Friday what he thought of the conviction of Mooney, made the following statement:
"I think that Gov. Stephens, of California, should pardon T. J. Mooney in the case now pending against him."
"It is admitted that an important

witness swore a lie on Mooney in this case, and that without the testimony of the perjured witness Mooney might have been acquitted.
"There are several other indications pending against him, and if the perjured testimony were eliminated and Mooney convicted on dependable evidence, then I would say let the penalty be imposed.
"The people repudiated the district attorney at the last election, when one of the issues in the campaign was as to whether or not he was fair in introducing perjured testimony, after he had a chance to learn the truth about it, against Mooney.
"Pardon Mooney in this case and put him on trial in the second case, and leave out the perjured witness.
"Russian soldiers as well as Germans are watching us in this case, and it were better to let a guilty man get by than to create an impression that the United States would stand for taking Mooney's life on perjured testimony."
Mayor Joseph M. Little said that the case had gotten into quite a difficult tangle, but that on account of it being so far away and the testimony not being familiar to him, he could not give an opinion.
T. Pope Shepherd stated: "I sure do not think Mooney should be put to death, nor any other defendant, on perjured testimony, and I believe the state claimed it had enough evidence without the perjured evidence, but if there is a particle of perjured evidence in any case it should be thrown out."
Judge Martin A. Fleming stated he thought that Mooney should be allowed to go free, as he was convicted on perjured testimony. Judge S. D. McTernold stated that he was not familiar with the case and could not give an opinion, but stated that if there was perjured evidence in the testimony it should be thrown out.
Other lawyers about the courthouse Friday, together with nearly every county official, stated that Mooney should be allowed to go free.

for export until such time as the president by a proclamation declares demobilization complete. The amendment also prohibits the importation of any intoxicating beverage into this country from the time the bill is approved by the president until the demobilization of the army is completed.

DR. MORGAN COMING

Will Speak Here Some Time Prior to Red Cross Call.

Dr. Carey E. Morgan, noted Nashville divine, who, three weeks ago, returned from the battlefields of France, will be invited to make an address in this city some time before the Red Cross Christmas rolls call.

Dr. Morgan has just finished a tour of the state in behalf of the united war work drive, and everywhere that he went he was met by capacity audiences. He created the greatest enthusiasm at two mass meetings held in Nashville more than 5,000 people were turned away after the Ryman auditorium had been filled to its capacity. While in France Dr. Morgan met many Tennessee boys, and he has a large fund of interesting and amusing stories regarding them.

It is probable that a number of other interesting speakers will be brought here during the campaign. Irvin S. Cobb, the celebrated humorist and short story writer, who only recently returned from France, is engaged to speak here on the evening of Dec. 17, and will probably have something of interest to say in regard to the Red Cross work. He will not, however, appear under the auspices of the Red Cross roll call. State headquarters for the drive will be maintained in this city, with Ernest H. Tolson as director. The Chattanooga zone roll call will be directed by Frank A. Nelson, organization for the local work is now being completed and will probably be announced early next week when the campaign will actually be opened. Mr. Nelson said today that he was rapidly securing chairmen and heads for the different departments, and as quickly as the supplies are received the work will be launched.

OLDTIMERS FINED

Criminal Court Deals With Violators of Liquor Laws.

The docket in the criminal court Friday contained the names of many old-timers and they got theirs for being persistent in their violation of the law. Peyton Gass was arraigned for selling whisky, and his attorney, T. Pope Shepherd, pleaded guilty for him. However it was only a technical guilt and Gass was let down with \$50 and costs.
Nettie Slayton, wife of Amos Slayton, was arraigned for selling whisky, but she was only convicted

of storing whisky and was fined \$50 and costs. She was represented by J. H. Daly.

Mack Brooks, colored, was in court and made no bones about the fact that he was guilty of transporting whisky. His attorney, Heron Schofield, persuaded the judge to let Mack down with \$50 and costs, which the court did after stating that Mack had told the truth and he thought it commendable.
Jennie Doston drew \$50 and costs for transporting whisky, she being

only technically guilty.
Armed with the desire to wear good clothes, but minus the ambition and energy to work for them, one Charley Johnson, colored, in transporting a pair of shoes from a box car in the yards of the N. C. & W. railway. Special Agent Tom Perri made the arrest and he testified after he arrested Johnson the negro admitted his guilt. The jury convicted him and he was given a \$50 fine and sentenced to serve thirty days.

DOCTORS SAY CALOMEL BEST LIVER MEDICINE

But to Avoid Griping, Sickening or Harmful Effects, Take It in DISCOLAX Tablet Form, As Now Sold by Druggists.

When it comes to the world's best liver medicine, everybody knows what the doctors think about calomel. There is no substitute for it. HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness

and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."

Mrs. W. D. WELLS, 226 North Adams Street, Petersburg, Va.
If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, sideache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.
For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

WILSON SIGNS DRY BILL

National "War" Prohibition Measure Effective July 1.

Washington, Nov. 22.—President Wilson yesterday signed the emergency agricultural appropriation bill with the legislative rider providing for national prohibition from next July 1 until the American army is demobilized.
The prohibition amendment to the agricultural measure caused a long fight in the senate. Officials of the shipping board opposed its adoption on the ground that taking beer from shipbuilders would make for discontent which would be reflected in their work.
Secretary Daniels, who was called before the senate committee holding the hearing, combatted this theory, saying that after sale of intoxicants around naval establishments had been stopped the output of the workmen increased. He referred especially to the Mare Island (California) navy yard.

Unless the president's proclamation under the food-control act is rescinded the prohibition amendment will affect only the manufacture of wine, for the brewing of oil beer must cease Dec. 1 under the president's proclamation. The manufacture of whisky was stopped soon after the nation entered the war. Under the amendment the manufacture of wine will cease next May 1, and should brewing of beer be allowed to continue after Dec. 1, it then would stop May 1 under the new law.
After next June 30 no intoxicating liquors of any kind may be sold in this country for beverage purposes except
